
Cold and Flu Season is right around the corner!! Please take a moment to review the 3 attachments to this flyer there is important information on medication and district policies regarding sick children Thank you!

Terra Cycle is an 'Up-Cycle' program that takes the trash that students and the community throw away after lunch or snack and recycles it into something that is usable again!

Collection boxes will be located in the lunchroom and in different spots around the school.

Below are links for more information on how Terra Cycle works and see above attachment for what trash and wrappers Bridlemile is currently collecting.

Thank you for helping the 5th Grade Leadership in their 'Up-Cycling' efforts!

How does Terra Cycle Work? Check out these links below:

Please visit www.Bridlemileschool.com for all the latest information for PTA/Foundation.

We are excited to announce that Passport Club is resuming next week, Oct 23-26! If you have kids in grades 2-5 please encourage them to join us Tues-Friday at their lunch recess to study geography. If you have a first grader, please ask your child's teacher which day their class will be participating.

As always, we can't do this without parent volunteers! (Cheat sheets available for adults.)

We are excited to tell you about a new program called Crayola ColorCycle – an amazing new program devised to turn used markers into energy!

All around Bridlemile, students and teachers will be collecting used markers that are ready to be discarded. ! The markers will be sent to a facility where they will be converted into clean fuel. This fuel can be used to power vehicles, heat homes, cook meals and more! Please help support our efforts by sending your kids in with any used markers you may have around the house –
