Как все мы, ученики и семьи испытывают неуверенность, стресс и тревогу в связи с ноябрьскими выборами и их последствиями, пандемией и экономическими последствиями, расовым восстанием и изменением климата. Мы знаем, что наши черные ученики, коренные жители Америки и ученики с другим цветом кожи, а т че е аВ м Т уч R Мм Ạ

момент, а также указаны новые ресурсы, с помощью которых наши ученики и семьи могут получить поддержку в течение этого сезона комплексного дистанционного обучения.

- Ensure that all students have access to a high-quality, standards-aligned curriculum and instruction.
- Provide students with the opportunity to learn in a safe, supportive, and inclusive environment.
- Provide students with the opportunity to learn in a culturally responsive environment.
- Provide students with the opportunity to learn in a trauma-informed environment.
- Provide students with the opportunity to learn in a restorative environment.
- Provide students with the opportunity to learn in a positive behavioral interventions and supports environment.
- Provide students with the opportunity to learn in a multi-tiered system of supports environment.
- Provide students with the opportunity to learn in a social-emotional learning environment.
- Provide students with the opportunity to learn in a mindfulness environment.
- Provide students with the opportunity to learn in a growth mindset environment.
- Provide students with the opportunity to learn in a grit environment.
- Provide students with the opportunity to learn in a resilience environment.
- Provide students with the opportunity to learn in a self-regulation environment.
- Provide students with the opportunity to learn in a self-advocacy environment.
- Provide students with the opportunity to learn in a self-determination environment.
- Provide students with the opportunity to learn in a self-efficacy environment.
- Provide students with the opportunity to learn in a self-esteem environment.
- Provide students with the opportunity to learn in a self-concept environment.
- Provide students with the opportunity to learn in a self-awareness environment.
- Provide students with the opportunity to learn in a self-management environment.
- Provide students with the opportunity to learn in a social awareness environment.
- Provide students with the opportunity to learn in a relationship skills environment.
- Provide students with the opportunity to learn in a responsible decision-making environment.
- Provide students with the opportunity to learn in a college and career readiness environment.
- Provide students with the opportunity to learn in a career technical education environment.
- Provide students with the opportunity to learn in a work-based learning environment.
- Provide students with the opportunity to learn in a service learning environment.
- Provide students with the opportunity to learn in a project-based learning environment.
- Provide students with the opportunity to learn in a problem-based learning environment.
- Provide students with the opportunity to learn in a inquiry-based learning environment.
- Provide students with the opportunity to learn in a discovery learning environment.
- Provide students with the opportunity to learn in a experiential learning environment.
- Provide students with the opportunity to learn in a hands-on learning environment.
- Provide students with the opportunity to learn in a minds-on learning environment.
- Provide students with the opportunity to learn in a heart-centered learning environment.
- Provide students with the opportunity to learn in a culturally responsive learning environment.
- Provide students with the opportunity to learn in a trauma-informed learning environment.

Western State Center: «Наш центр помогает людям с ограниченными возможностями развивать уверенность в себе, независимость и навыки, необходимые для жизни в обществе. Мы помогаем им найти работу, которая им нравится, и поддерживаем их в ней. Мы также помогаем им найти жилье, которое они могут себе позволить, и научиться вести домашнее хозяйство. Мы помогаем им развивать социальные навыки, которые помогут им завести друзей и построить отношения. Мы помогаем им научиться принимать решения, которые помогут им вести здоровый образ жизни. Мы помогаем им научиться управлять своими финансами, чтобы они могли копить деньги и тратить их с умом. Мы помогаем им научиться ориентироваться в сообществе, чтобы они могли пользоваться общественным транспортом и посещать мероприятия. Мы помогаем им научиться общаться с другими людьми, чтобы они могли строить отношения и заводить друзей. Мы помогаем им научиться решать проблемы, которые помогут им преодолевать трудности и достигать своих целей. Мы помогаем им научиться ставить цели, которые помогут им добиться успеха в жизни. Мы помогаем им научиться быть независимыми, чтобы они могли жить полной и насыщенной жизнью».

Позитивное, уверенное и связанное чувство себя:

«Я чувствую себя счастливым, когда я в Western State Center»

Мы помогаем людям с ограниченными возможностями развивать уверенность в себе, независимость и навыки, необходимые для жизни в обществе. Мы помогаем им найти работу, которая им нравится, и поддерживаем их в ней. Мы также помогаем им найти жилье, которое они могут себе позволить, и научиться вести домашнее хозяйство.

Мы помогаем им развивать социальные навыки, которые помогут им завести друзей и построить отношения. Мы помогаем им научиться принимать решения, которые помогут им вести здоровый образ жизни. Мы помогаем им научиться управлять своими финансами, чтобы они могли копить деньги и тратить их с умом.
