

- (1) In providing educational experiences for all students who reside in the district, it is the policy of the Board that special education programs for students with disabilities shall be an integral part of the educational programs of this district, and shall be operated in compliance with the requirements of federal and state statutes.
- (2) The superintendent shall develop and operate school programs to meet the needs of students with disabilities. The district may access services and programs within the state to meet these needs. This may include services and programs outside of the district.
- (3) The superintendent shall develop and maintain a Special Education Manual containing the requirements and procedures necessary to implement this policy. The manual shall be posted on the district Web site.
- (4) The Special Education Manual requirements and procedures are hereby adopted by reference and shall have the same authority as a board policy or administrative directive.
