

## Design Advisory Group #4

12 September 2024

The fourth Design Advisory Group (DAG) opened with comments on the McDaniel (MHS) and Lincoln (LHS) HS tours. The DAG shared feedback that they liked the MHS color, murals, signage, and nooks to stop and sit at LHS. They felt the urban context of LHS was more like CHS, but felt it was more sterile and less homey than MHS. They liked

The design team shared an overview for the planned upgrades at the Cleveland Stadium site. PPS detailed the opportunities and challenges to siting baseball and softball at Powell Park with (VeegdVX] Zh/Vc`dkZg\eeZY`hZi`d[° Z`h!`il d° hZeVg/iZ° Z`h!`djj e\g/Y`c\`Vc`VaZg\ViZ`h↑Z!`hj X] ° as Westmoreland Park. A lively discussion ensued where the DAG considered the options and voiced a eg[Zg`cXZ`[dg° ZZe`c\`i] Z° Z`h`Vi`Edl Z`aiEVg #

The design team then shared updates on the development of the exterior design. The update included an analysis of images that were shared at DAG 03 and an analysis of the features of the existing building. They shared that the modernized building would be accessible for all users and YZh^cZY`heZX^ XVan`id`i] Z`h↑Z`VcY`eà/XZ`#Hij YZci ° space will be prioritized at the center of the block instead of loading. The design team is using a metaphor to describe the building: a geode. The outer edges will be rougher, with materials and windows that represent a more civic context. The inner courtyard faces will be smoother and have more opportunities for color.

The DAG broke into small groups to look more closely at the building design and provide insights. A board for the Exterior Design was also available for the DAG to leave feedback.
